Administration

- Other personnel news can be found in the Department reports.

Automation & Technology

OSG continues routine and general maintenance of our computers and other automation systems.

Legal/Financial/Policy

- Strategic plan The Implementation Team and I reviewed our strategic directions and goals and identified current services, programs, and collections that fall under the auspices of the strategic plan. That document follows my report. This month I also asked the Department Managers to identify strategic directions and objectives activities in their reports. I will be including information about future activities, programs, and services in the upcoming months. Prior to the staff inservice on April 12, I sent the strategic plan outline to all staff and asked them to review the strategic directions, goals, objectives, and activities listed and to think about what we're doing now, what the library, individual department(s), and each of them can do this year, and what activities we may want to focus on in 2025 and 2026, be it building on current activities/services/programs or developing/implementing new ones. Staff were instructed to come to the inservice prepared to discuss this and help determine our future priorities.
- The audit has been finalized, and Brian LeFevre from Sikich will present it to the Board at the June meeting.

Facilities

• Phase II of the elevator modernization project, replacement of alarm components throughout the building by Chicago Metropolitan Fire Protection (CMFP), was approved by the Library Board at the April meeting. We are still working through the scheduling process with CMFP so no word yet on when that will be done, though we anticipate that it will be within the next month.

- At the April meeting the Board also approved a quote from Otto Baum for concrete repair on the
 porch and ramp at the front of the building and around the staff entrance on the north side of the
 building. This work began on April 29 and is slated to take approximately one week to complete.
- Additional information on the building and grounds can be found in the report from Facilities Manager, Ed Tamras.

Miscellaneous

- We held a ½ day staff inservice on Friday, April 12 at which we focused on the strategic plan goals and activities. Interested staff were also given the opportunity to try riding the MGPL Book Bike and took advantage of networking with colleagues from across the library during lunch. We reopened to the public at 1 p.m. that day.

MGPL Adult and Teen Services April 2024 Report

Melissa Mayberry, Adult and Teen Services Manager

Programming

This month, we had 44 programs with 804 attendees. As we align our Strategic Plan Direction with our programs and services, this month we achieved several objectives.

Goal 1.2 Expand outreach and partnerships to raise awareness of the library's value.

Objective 2. Increase visibility in the community.

The Solar Eclipse allowed us to support the community with inclusive and accessible opportunities for learning and enjoyment. We distributed over 1000 solar eclipse glasses that we received through SEAL (Solar Eclipses Activities for Libraries). Like previous eclipses, libraries became a known source for glasses, and the day of the event we were inundated with calls asking if we still had glasses. Our two big events, the Solar Eclipse Party, hosted the day before, and the Solar Eclipse Watch Party brought in patrons of all ages excited to participate in this unusual event. Live streaming NASA's coverage in the Baxter Auditorium was surprisingly compelling and we had some folks with limited mobility tell us how much they enjoyed being included in the excitement of the event without having to be on their feet.

Objective 1. Cultivate community partnerships.

At the Niles West High School Break for Books event, Cailyn, along with librarians from Niles and Skokie Public Libraries, interacted with over 200 students. Cailyn discussed high school summer reading options and took the opportunity to promote our summer reading program, teen volunteer openings and various teen programs.

Goal 2.2 Center inclusion and belonging in all aspects of library services and operations.

Objective 1. Expand diverse services and programs.

To celebrate National Poetry Month, our program, Pastries and Poetry from Around the World, embraced the richness and variety of poetry. The program presented 3 pastries, with 3 poems, from 3 countries ~ India, Chile, and Greece. Each poem was written by a poet from the associated country, and the pastry was also from that country. Attendees were willing and eager to participate in both reading and sharing their thoughts about how the pastries tasted, and how the poems made them feel. From an email to Marlene from a couple that attended the program, "John and I both enjoyed every aspect; your gracious hospitality, the knowledge and expertise of the presenter, the pastries, the invitation to share insights into the various poems, the variety of cultures and countries, and the discussions about the poems; it was all tremendous fun".
